

IC Task Force Meeting 12/17/14

Members Present: Fr. Paul Rutten, Charlie Mack, Michelle McCormick, Wade Fligge, Jason & Michelle Himmerich, Leon Mack, Ray Kranz, Pete Bauman & Anne Hanson

Agenda

Review tasks from last meeting

1. Each of us are to review the standards website discovered by McCormick and to think about how we are doing against these standards
2. Each of us are to review the survey questions Bauman put together
3. C. Mack to provide list of suggested action for us all to review
4. Research and brainstorm a mission statement.
5. Provide Himmerich with contact information for all members for ease of communication

Discussion if group was able to review 55 minute "Understanding the National Standards" video on the catholicschoolstandards.org webpage.

Discussion of using this sites assessment tool. Overall site provides a nice roadmap with predefined assessment tools. Rubric scoring includes 4 domains over 13 standards each having a list of benchmarks. Group is suggesting this task force go through and give ourselves a score. May need to get information and insight from administration, teachers, parents, priests. Suggestion we could possibly include outside perspective from non-IC admin, teachers, or catholic parishioners. Assessment now is to get a view of how we are currently doing and identify areas of focus.

Does our admin know about these standards? Yes and was released at the same time as Common Core. SF Catholic Supt confirmed it had been shared yet common core took precedence at the time.

Task force to review rubrics to find more factual areas to address based on the score. Review and surveys would give perception. Does it have value to give survey to find perception now and after task force actions of marketing plan for example? Staff survey would be a powerful. Gets them involved and asking for their assistance before we would go out to parents.

Suggest we go through the list within the task force team first. For every 1 we focus on how we can get it to a 2, every 2 to a 3 at this point. Shouldn't expect us to be at all 4s.

Proceeded to complete first 4 standard rubrics.

Next meeting Jan 7th 8pm at the IC Boardroom. Agenda - goal is to get through 2 domains.
